4 SIGNATURES – All account owners must sign

In order to protect the security of your account, a Notary and copy of a government-issued photo ID is required. Please note that if you need to process a redemption from your account in the next 30 days, we recommend you process the request via our secure online client portal or submit a written request on a distribution form along with a Medallion Signature Guarantee (MSG). Should you choose to make a redemption via phone, our procedures require that we separately contact you at the phone number on record for your account to confirm your redemption request. If we are unable to reach you, your request will be deemed not in good order, and will not be processed. It is therefore imperative that your contact information is accurate and complete.
