2026 Summary of Material Changes to Proxy Voting Guidelines

Neuberger believes that engagement is a dialogue between investors and companies focused on positively influencing corporate governance behaviors to drive long-term, sustainable returns. One important way in which we exercise engagement is through voting proxies on behalf of our advisory clients for whom we have voting authority. We do this in order to fulfill our fiduciary responsibility, to protect our clients' best interests and as an important component of our approach to creating shareholder value.
Our Governance and Proxy Voting Guidelines serve as a guide to our voting approach and are representative of our general views on key matters. The Guidelines are reviewed at least annually by our Governance and Proxy Committee. This document provides an overview of material changes made to our Governance and Proxy Voting Guidelines in 2026.

Our approach to re-domestication proposals: Our approach to evaluating re-domestication proposals has not changed. While our guidelines have long addressed this topic, we have provided additional context for greater transparency, reflecting the increased attention these proposals have received in recent years.

Neuberger Berman Investment Advisers LLC's Proxy Voting Policy and Procedures as well as the complete Governance and Proxy Voting Guidelines are available online at www.neuberger.com.
