What were the Fund's costs for the year? (based on a hypothetical $10,000 investment)

Class Name	Costs of a $10,000 investment	Costs paid as a percentage of a $10,000 investment
Class A	$112	0.96%

How did the Fund perform last year?

The Fund posted a strong total return for the year. Stock selection contributed while sector allocation detracted from relative performance. The largest relative contributors were an allocation to Southern Copper Corp. and Intel Corp. Individual stock detractors included overweights in Boeing Co. and Nike, Inc. We remain committed to our investment philosophy of pure value and discipline, which historically has been beneficial, particularly during this phase of the economic cycle.
