You can also request this information by contacting your financial intermediary or investment provider or at 800.366.6264 or issdl@nb.com. **This report describes changes to the Fund that occurred during the reporting period.**

What were the Fund's costs for the year? (based on a hypothetical \$10,000 investment)

Class Name	Costs of a \$10,000 investment	Costs paid as a percentage of a \$10,000 investment
Class R6	\$61	0.56%

How did the Fund perform last year?

The Fund lagged the Russell 1000[®] Growth Index (the Index) on a relative basis driven by both stock selection and sector allocation decisions. Positioning in the Consumer Discretionary sector negatively impacted relative performance as a result of defensive positioning within the sector by the Fund. In addition, the IT sector negatively impacted relative performance with holdings in the Software industry as the largest headwind within that sector.

Performance Attribution

Top Contributors

- ↑ Investments in the Health Care and Consumer Staples sectors
- ↑ An overweight in the Utilities sector and underweights in the Health Care and Consumer Staples sectors versus the Index

Top Detractors

- ↓ Stock selection in the Consumer Discretionary sector and, to a lesser extent, in the IT sector
- ↓ An underweight in the IT sector and an overweight to pre-IPO positions in privately held investments (which involve greater risk than publicly traded securities and are generally less liquid) that lagged the broader Index of publicly traded companies

The graph shows how a hypothetical investment in the Fund changed in value over the period and for the amount indicated above, and compares it with a broad-based market index and, if applicable, an additional index. The graph and table do not reflect the effect of taxes a shareholder would pay on Fund distributions or on the sale of Fund shares. The performance prior to Class R6's inception date of March 29, 2019 is that of the Fund's Investor Class, which had higher expenses than Class R6 so its performance typically would have been lower than that of Class R6. **Results represent the Fund's past performance, which is not a good predictor of how the Fund will perform in the future.** For current performance, please visit www.nb.com/performance.
