IMPORTANT 2015 STATE TAX INFORMATION

Most states allow “pass-through” treatment of interest on U.S. government and, in some cases, U.S. government agency obligations for mutual funds meeting certain requirements. This means that a portion of the dividends paid by a fund may not be subject to state income tax.

The following percentages of ordinary income received by shareholders in 2015 (Form 1099-DIV, Box 1a) may be excludable for state income tax purposes based on pass-through of interest earned on U.S. government obligations (direct and indirect) and certain U.S. government agencies. Please check the specific requirements for your state.

Please consult your own tax advisor for details as to how this information should be reflected on your tax returns.
