

## IMPORTANT 2019 YEAR END TAX INFORMATION

### U.S. Government Pass-Through

Most states allow “pass-through” treatment of interest on U.S. government and, in some cases, U.S. government agency obligations for mutual funds meeting certain requirements. This means that a portion of the dividends paid by a fund may not be subject to state income tax.

The following percentages of ordinary income received by shareholders in 2019 may be excludable for state income tax purposes based on pass-through of interest earned on U.S. government obligations (direct and indirect) and certain U.S. government agencies. Please check the specific requirements for your state to determine eligibility for this treatment.
